## Ashley Action!

**Welcome back** to the Summer Term!

**Parents Evening** – We appreciate everyone who came to Parents' Evening last week. We hope that discussing your child's growth and future plans with our teachers was enjoyable for you.

**Victoria Park** Year 12 students took part in a walk to their local park as part of their Community Sports lesson. In addition to the numerous physical advantages, walking and especially walking in a group, has other benefits that are just as significant. It fosters friendships and gives participants a "feel good factor," all of which contribute to the maintenance of good mental health.

**Home Cooking Skills** Congratulations to Cate in Year 10 for completing her Home Cooking Skills qualification coursework, which included making a delicious and tasty chicken burger from scratch. In addition to mastering her knife skills, Cate was able to show off her excellent health and safety knowledge.

**Budgeting Year 9** Regular household expenses like rent, council tax, utility bills and food have been covered in class. Students will be learning about budgeting and creating a basic monthly budget planner over the course of the next few weeks. Students will also fill out a payslip that includes deductions and pay in order to determine whether a fictional character makes enough money to meet their expenses.

**School Council** went to Runcorn Town Hall for a tour and to meet the mayor. After learning about the Town Hall's past, they entered the council chamber and posed some pertinent questions to the mayor. Students gained a lot of knowledge about the council's operations from this fascinating visit.

**A reminder** Kicks Inclusion Multisport sessions will be commencing every Tuesday 3.00-4.15pm at Ashley High School.

## Skills Builder Challenge –Aiming High

Think about a hobby you practise regularly, like reading or playing a particular game.

Set yourself a new challenge to help you improve at the hobby. This could be learning new words from a book or learning a new skill in a game. Give yourself a deadline to achieve this.

Think about what you might need to do to achieve this goal and then give it a go.
