Ashley Action!

Congratulations to our former student Louis who has graduated from the Prince's Trust with a qualification in Personal Development and Employability Skills. This qualification recognises a breadth of personal skills, qualities and attitudes required by employers across a range of sectors. Well done Louis!

Gardening Year 11 students have seen progress with the apple trees we planted after Christmas and hopefully in the near future we will be able to collect the produce from them.

The Hive Bowling Students in 6th Form took part in another sport in the community – Tenpin bowling. Students demonstrated some excellent skills with their throwing and even got some strikes in!

Polaris is a group for young people 12 to 18 years with additional needs. The group runs each Saturday, alternating between one week in Widnes and the other in Runcorn. They also run groups during the school holidays and a friendship group in the community with activities such as bowling. Polaris run a varied range of activities such as arts, sports and games. They also invite groups such as the Police to give talks around topics such as stranger danger, for example. At this time, there is a waiting list but they are taking new referrals to put on the waiting list. Parents and professionals can make referrals. Have a look on their website for more details.

Skills Challenge – Listening

Watch or listen to a news broadcast. What is the news story about? Who is involved? What might happen next in this story?
Discuss the news story with a friend or family member. What do they think about it?
