## Ashley Action!

**Well done to our** Year 11 students who are taking part in mock interviews. We have received great feedback from our employers who were impressed with their positive attitude and career aspirations.

**Year 10 students** have been making bread as part of their Home Cooking Skills course. Students were challenged to make a batch of bread using different types of flours. Students worked in pairs and ensured that good food hygiene and safety were followed at all times and that they could finish the bread using additional ingredients to give the bread extra flavour/texture.

**NCS Top School Secured Places Chart** Congratulations to Ashley High School (SEND) with 11 secured places. Ashley High are the first SEND school to enter the NCS Schools Chart. The NCS experience gives a clearer idea of what students want from their future.

**Sushi Making** Year 12 students enjoyed a lesson in Sushi Making. Students prepared enough ingredients for making at least one nori roll and demonstrated excellent skills and techniques so that they can make sushi at home for friends and family.
