## Class Of the Week

**7SA/8JO**

## Ashley Action!

**Year 8 students** enjoyed "Guess the Job" on Friday morning with various employers coming into school to talk about their job role. Students asked many questions to see if they could guess the job title. All students took part in the activity and learnt a lot about the range of jobs available and different career paths. The employers included a police detective, VR expert, beautician, accountant and representatives from Halton Housing.

**Year 12 students** visited Halton Stadium on Tuesday to hear about different job roles that staff are involved in and the many opportunities that are available to them as part of their Preparing for Adulthood course.

**Duke of Edinburgh** Students from Year 10 have been involved in a camping expedition this week and have enjoyed the experience of scenic walks and working as a team to set up their tents and make meals.

**Youth Award** students visited the Health Care Resource Centre in Widnes on Wednesday. Students had a guided tour of the building and were informed about the different services and facilities available to them.

**We still need bottle tops!** Please keep bringing your bottle tops in to Mrs Lawrenson. We need any size and colour to create our 'Muriel', which will begin after the half term. Thank you!

## Skills Challenge – Staying Positive

To cheer someone up and to let them know you are thinking about them, send them a handwritten note or card. You could include a picture you have drawn; a poem you have written or a story you could share.
