Ashley Action!

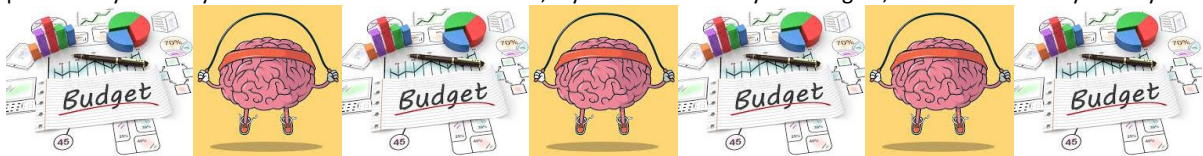

Growth Mindset Year 13 have been discussing growth mindsets in their Preparing for Adulthood lessons. Students have discussed how they embrace challenges, persist through obstacles, learn from criticism and be inspired by the success of others. Students also discussed that with growth mindset, we can acknowledge our failures and find inspiration to keep improving.

Budgeting During their third shopping trip to Asda this week, 9JO students demonstrated increased independence and budgeting abilities. Pupils had the opportunity to search for high-quality products and evaluate them based on both quality and cost.

The Year 12 students visited Halton Stadium as part of the work place investigations. They found out about the history of the stadium and the different job roles available including hospitality, events management and maintenance. It was an informative visit and useful to find out about the skills needed to organise some big events.

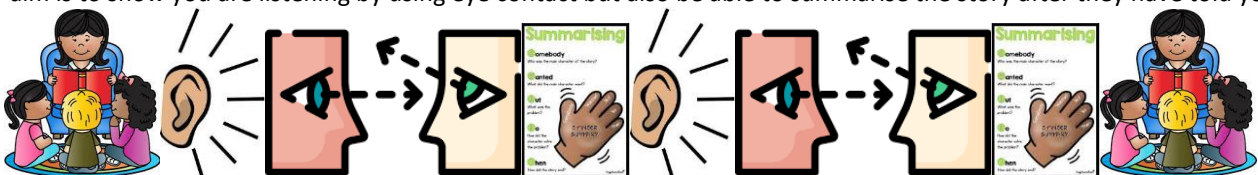

Community Sports Students in Year 12 visited Pickering's Pasture and took part in a group walk. Students walked a section of the Trans-Pennine trail and encountered magnificent views of the Mersey estuary.

Parents and Carers We want to express our gratitude to each and every one of you for your kind contributions toward the creation of our multi-sensory path. Kindly submit your donations to the school office, if you haven't already. Once again, we want to thank you for your support!

Skills Builder Challenge – Listening

Ask a family member or friend to read you an interesting news story or tell you about something interesting that has happened. Your aim is to show you are listening by using eye contact but also be able to summarise the story after they have told you it.
