Ashley Action!

Congratulations to our Home Cooking Skills student, Max, on successfully completing his recent practical assessment! Preparing an exceptional chicken fried rice, Max demonstrated impressive knife skills, precise timing, and wonderful flavour—truly showcasing the confidence and talent he is building in the kitchen.

We were delighted to welcome the Book Club mobile library to school. Our students had a fantastic time stepping aboard to explore the shelves and choose books that caught their eye. From thrilling adventures to fascinating non-fiction, everyone loved the excitement of selecting their own reading material. It was brilliant to see such enthusiasm for reading as students headed back to class, eager to dive into their new books.

As part of their Preparing for Adulthood lessons, class 9JO visited The Range in Widnes to put their budgeting skills into action. Navigating the aisles with shopping lists in hand, students calculated totals and managed their funds in real time to stay within budget. It was a fantastic hands-on trip that helped build valuable independence and real-world maths skills

CEASE visited our 6th Form students to deliver an empowering session on healthy versus unhealthy relationships. Students explored key topics such as mutual respect, consent, and setting healthy boundaries, while learning to recognise warning signs like coercive control and toxic behaviour. The interactive workshop provided our young adults with practical guidance, confidence, and essential resources to help them build safe, positive connections in their everyday lives.

7LA have been learning all about healthy eating! Students explored the Eatwell Guide and put their skills to the test with a fun cut-and-stick activity, matching different foods to their correct groups. They did a brilliant job learning how to build a balanced diet.

Wishing all of our students, families, and staff a spooktacular half-term break! We hope you enjoy a restful and fun-filled holiday, and we look forward to welcoming everyone back to school on Tuesday 3rd November. Have a safe and happy Halloween!

Skills Builder Challenge – Leadership

Imagine you are a sports coach. You have a new team that needs to learn how to play a game. This can be any game you enjoy playing. You need to teach them how to play this game.
