Ashley Action!

Duke of Edinburgh Year 10 students have completed an overnight stay at Queen Charlotte’s Wood in Frodsham as part of their Bronze Award for the DofE. The students spent a day walking from Frodsham and Helsby Hills and then returned to camp. After the exhausting walk, students camped overnight and then spent another day of walking and navigating. The students showed fantastic teamwork, despite having very little sleep!

Practical Learning There’s been a fantastic spirit of teamwork as students across all year groups participated in supervised fire-building workshops. Beyond the campfire, these sessions teach vital safety protocols and the science of fuel types. It’s wonderful to see our students developing the maturity and responsibility needed to manage the elements safely.

Our Year 7 designers have been hard at work in ICT! Students have been busy branding their very own zoo creations, producing eye-catching posters that highlight both their technical skills and their imaginative concepts.

Year 9 took a trip down memory lane this week in Food Technology, recreating the iconic school cake. From the light, fluffy sponge to those unmistakable rainbow sprinkles, our students demonstrated fantastic baking flair and brought a beloved classic to life.

A huge shout-out to our Year 11 students who completed their ICT exam this week! We were so impressed by your focus and determination. Now that the hard work is behind you, take a moment to celebrate your efforts.

Skills Builder Challenge – Speaking

Prepare a short speech to present to your family. Suggested topic: My favourite season / time of year. In your speech explain why this season or time of year is your favourite. Ask your family to close their eyes as you describe a scene from your favourite season.

Can your family picture what you are telling them?
