## Ashley Action!

**Practical Learning** 9AK celebrated Europe Day, which marks the anniversary of the historic 'Schuman declaration'. Students also had fun listening to some entries for this year's Eurovision Song Contest. As a class, we voted on the songs and predicted who we thought would win. Our prediction was Malta and we will see if our prediction was right in next week's lesson.

**Hedgehog Awareness** 7SA has learnt of the practical steps that they can take to help reverse the decline of hedgehogs in the wild, improve their welfare and safeguard the future of this much-loved animal.

**Duke of Edinburgh Car Wash** 6th Form students have worked on a weekly project to raise funds for the Duke of Edinburgh award. This is proving very popular and so far raised they have raised about £30 over two sessions and hopefully with more to come!

**Designing a pasta snack on a budget** 9AK has been using different ingredients and processes to produce a healthy pasta dish. Students also made sure that the pasta dish was well-balanced by using most of the sections of the 'Eatwell Plate'.

**Long/Vertical Jump** Students in 7SA carried on with their athletics in PE by taking part in the long jump and vertical jump. The long jump combines speed, strength and agility to leap as far as possible from a take-off point and the vertical jump is a jump from a standing position with no leading steps. It's followed by a quick crouching action before going back into a vertical jump.

**Ciaran, in Year 10**, is applying to become a member of FLARE. This is the Department of Education's national young SEND advisory group. Members of the group work together to share their views and experiences, helping the Department for Education to understand how young people with SEND want to be supported. Good luck, Ciaran!

**Join in with National Numeracy Day** This National Numeracy Day, Wednesday 17th May 2023. Our school is joining in with activities to help support our students and build on their maths skills and confidence.

Happy Hedgehog Awareness Week

## Skills Builder Challenge – Staying Positive

Create a Positivity Poster to display at home. Write words and phrases to help people stay positive. Draw pictures to illustrate each phrase.
