Ashley Action!

Healthy Eating 8AC Students examined a variety of foods and the substances they contained. Students then had the opportunity to debate which foods were healthy or unhealthy.

Sensory Taste Test 7CB pupils focused on their senses in their Food Technology class. Students could describe the texture, flavour and appearance of a wide range of foods.

Independent Living For their independent living lesson, 11RS and 11GG participated in doing routine housework. Students have shown that they are capable of hoovering carpets, making a bed, ironing clothes and making a cup of tea.

The Education Library Book Bus visited us in school, where students were able to spend time on the bus choosing new books to read.

Rivendell Garden Centre As part of their research assignment for their gardening course, year 11 students spent a relaxing morning touring a local garden centre. Everything from plants and seeds to household goods and seasonal items intrigued the interest of the students. Students also got to enjoy feeding the Koi carp fish and a hot drink as a bonus!

Road Safety 10RH were visited by Dawn, our Independent Travel Trainer to discuss road safety. Road safety is a crucial concern for everyone, but it holds even greater significance for school students. In this lesson students learned road safety skills for when they are old enough to travel without an adult, identified how one route may be safer than another and how to be a considerate traveller. There was also a focus on how to cross the road safely, identifying places to cross and areas to avoid.

Skills Builder Challenge – Speaking

You are the new radio host of the brand new radio show Skills Builder FM. Your role is to host the first session live in front of either family members or friends. Decide: If you would like to host the show with anyone else. What the topic of the show is going to be – it can be anything you're interested in, such as sports, fashion, celebrities, news, science, art, a hidden talent... anything! If you want any special guests to talk on your show. Consider: How you are going to engage listeners using your tone and expression.
