Ashley Action!

Thank you to our staff members who volunteered to help Widnes Rotary Club to raise money for the local community. Our staff helped Father Christmas and his elves give a warm welcome to residents and spread a little Christmas joy!

Bents Year 11 students have visited their 3rd garden centre before we finish for Christmas. Students loved the excitement of a winter wonderland at one of the top garden centres in the north west.

Charlie from Write Up North met with us earlier this term. Charlie generously brought copies of the anthology of student writing that we had previously worked on together. Congratulations to our 10SC and 10RH published authors!

D&D Finale The students concluded their last D&D 2024 game. In addition to being a leisure activity that many students enjoy, D&D fosters the development of social and other skills, including, turn-taking, critical thinking, empathy, teamwork, communication, maths, creativity and storytelling.

Home Cooking Skills Riley deserves praise for his evaluation from last week. Riley has created a delicious pasta dish with creamy chicken and pesto. Riley showed that he could measure and cook enough pasta "al dente," present the dish in an appealing way and safely slice the chicken on the appropriate coloured chopping board. Excellent work!

Operation creating posters and sweet bags! The time for this week's movie afternoon is drawing near. To make the event one to remember, 9JO has put in a great deal of effort. Students have created letters, posters, and popcorn/sweet bags to distribute on Friday.

On behalf of all the staff, we would like to wish you all a very happy and peaceful Christmas break and hope that 2025 is a healthy and happy year.

Skills Builder Challenge – Leadership

When you are speaking with a friend or family member, listen carefully to what they are saying. Think about how they are feeling when they are speaking to you. Reflect on how you know this.
