### Ashley Action!

**Year 10 visits to Riverside and Cronton 6<sup>th</sup> Form College** Students had the opportunity to find out what it's like to learn as a college student. Students explored both colleges and met current staff and students, gained a better understanding of what college involves, explored a range of college subjects, made informed choices about their future and what to do when they leave school.

**Well done** to every one of our staff and students who participated in a sponsored walk prior to the holidays in order to collect funds for our upcoming Sensory Path. You've done an incredible job!

**Youth Fed Cyber Programme** Year 12 and 13 students were visited by Mike Jones who delivered a session on Keeping Safe and Aware Online. Topics that were covered were: Fake News, Bias, Echo Chambers, Filter Bubbles, Emotional Manipulation, Polarization & Scapegoating, Free v Hate Speech, Social Media (including: Digital Finger Prints, Privacy & Identity Theft, Online Reputation, Sexting, Grooming, Bullying & Trolling).

**We would like to thank the RSPB who donated** bird tables, bird baths, hedgehog homes and bee hotels towards our Forest Schools and Learning Outside The Classroom. Thank you very much!

**Use of eggs** Year 10 Home Cooking Students carried out a practical task by choosing a simple egg snack to make. Choices of egg dishes were boiled eggs, scrambled eggs, omelettes and fried eggs. Here is josh making his omelette with extra ingredients of ham and vegetables.

### Skills Builder Challenge – Problem Solving

Consider the problem: a local charity wishes to organise an event in your local area which people of all ages can join in. The event could be sporting, musical, a fête - whatever you think would attract the most people to it. Consider: Which activity would be best so that everyone could be involved? Could you have a range of activities? What other problems could arise?
