## Ashley Action!

**Year 9** Students have demonstrated their pastry skills by creating their very own 'Sausage Plait'. Students displayed their 'rolling out' technique and used the oven competently to complete their final product.

**9AK** have made their own 'Fairy Garden'. Students have been creative making their own fairy garden and have encouraged each other to look after and tend to it daily. We will have to wait and see if any fairies will visit when no one is looking.

**Pre-registration for INC is now open!** Individual Needs Club (INC Halton) provides a safe environment in which young people with SEND, can take part in a range of activities, explore interests, and have fun with peers away from home. They offer a wide programme of events including games, quizzes, crafts, and a chance to meet new friends. INC will meet fortnightly for a few hours. Visit <https://www.facebook.com/pg/VIBEUKORG/posts/> for more details.

**Duke of Edinburgh walking expedition** Year 12 and 13 students have had a practice walk in preparation for their DofE expedition due to take place in the next few weeks. Students successfully walked 8.6 miles from school to their final destination; Spike Island. Well done to all of you who took part.

**Bottle tops wanted!** Mrs Lawrenson has kindly asked if you could donate bottle tops either off pop and milk bottles (variety of colours). These will be used to create a 'Muriel', which the whole school will be involved in. Thank you!

## Skills Challenge – Creativity

Imagine the floor in your home has turned to jelly. How would this change the way you lived there?  
Extension: design a gadget that would help you to live in a jelly home!
