Ashley Awards

Credit Winners

7LA	C.Stokes-Wright
7SA	R.Ettrick
8MS	W.Parkinson
8JO	O.Domalis
8RF	E.Parry/M.McDonald
9AK	T.Blayne
9KD	C.Boow/R.Connolly
10L	J.Halfpenny-Bell
10GG	H.Corrigan
11RS	A.Glover
11LQ	No File

Students of the Week

H.Bate
B.Moss
J.Eastwood
M.Vickery/E.Byrne
E.Parry
R.Hughes
C.Boow
M.Ramejkis
No Student Of The Week
B.Finn
No Student Of The Week

Class
Of the
Week

9KD

Ashley Action!

Year 13 students visited Halton Housing Trust in Widnes. Students met with members of the team to listen about all the different job roles and apprenticeships that were on offer. Students toured the building and spoke to other staff members about their jobs and responsibilities.

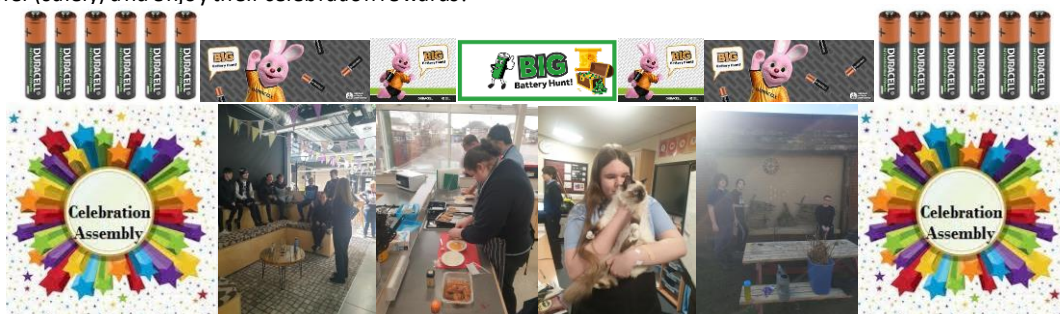

9KD have been learning how to make healthy Chicken Goujons in their Food Technology lesson. Students also produced a delicious lemon sauce to accompany their Goujons, evaluated and suggested improvements for their recipe.

Wonky Gardens Students from 6th Form spent their 3rd week at Wonky Gardens. This week students finished off their 'Nature Looms', watered trees that have recently been planted and dug holes in the soil for bird feeders to be cemented in.

Year 10 Animal Care Students were pleased to see a new addition to their class this week. Ebony in Year 10 brought her 2 'Ragdoll' cats in and gave a short presentation about them.

Big Battery Hunt is back! Help our school receive its green flag status. When batteries begin to rot away in landfill sites, chemicals may leak into the ground, which can cause soil and water pollution. When chemicals contaminate soil and water animals, humans and the environment can be harmed. Recycling is a great way to help protect the environment. Please bring in your old batteries and help protect our environment.

Our first Celebration Assembly took place on Friday 11th March 2022, 2 years to the day since lockdown! It was great to see Year 7, 8 and 9 come together (safely) and enjoy their celebration rewards!

Skills Challenge – Creativity

A paper clip is a useful item for holding pieces of paper together. Use your imagination to come up with as many different ideas in 1 minute as you can for what else a paper clip could be used for. Make a list or draw your ideas. Challenge your family and friends to do the same. Did they come up with the same or different ideas? What was the most unusual idea you came up with? Can you combine your ideas and come up with even more together?
