Ashley Action!

Welcome back to Ashley High School! We hope you had a lovely Christmas break and are as excited as we are about the Spring Term ahead!

Designing a new product for our Snack Bar Creating a fresh item for our snack bar in order to sell these goods in their snack bar, Year 8 students have been updating their menu ideas. After being divided into three groups, students discussed their ideas and chose a product to make the following week. Group 1 prepared omelettes with ham and cheese, Group 2 made soft-boiled eggs with toasted soldiers, and Group 3 made pancakes and waffles with fresh fruit. Pancakes and waffles were the unanimous choice made by the students when they cast their votes for the snack bar's menu item at the conclusion of the lesson.

Social Media Year 13 has focused on identifying the positive and negative effects of social media interactions and thinking about how online contact and friendships can be useful and valuable.

Year 12 students have started their taster sessions at the Vocational Centre. Students could take part in bricklaying and hairdressing sessions to develop new skills and find out more about careers in construction and hair and beauty. All students were involved in the sessions and learnt how to use new equipment and the importance of health and safety.

11RS put a lot of effort into creating a personal statement and CV for their PHSC lesson. Students could explain why a strong personal statement is important in a CV and how to use specific language in their CV to promote who they are.

Skills Builder Challenge – Speaking

Think about a person you admire. This could be someone that you know, someone that you've learnt about or someone from a story/movie. Imagine you could invite this person to your birthday party.

Plan how you could encourage the person to come to your birthday party by using facts and examples to support why you would like them to join your party. What tone might you use? What might you say to convince them to come?
