Ashley Action!

Uniformed Services Visit Liverpool Crown Court Our Uniformed Services students recently visited Liverpool Crown Court to see the justice system in action. By watching real criminal trials from the public gallery, they moved beyond textbooks to see how the law works in the real world. The trip gave our future police, prison and military recruits a vital look at courtroom discipline and the importance of professional standards. It was a powerful experience that showed them exactly what it takes to uphold the law and serve the community.

Practical Skills with a View at Formby Beach Our students recently headed to Formby Beach for a hands-on practical learning session. Swapping the classroom for the coastline, they spent the day mastering essential rope skills and knot-tying techniques against the backdrop of the iconic sand dunes and Irish Sea. This outdoor session allowed students to practice technical tasks in a challenging environment, emphasising teamwork and precision while enjoying the fresh air and stunning scenery. It was a fantastic opportunity to build confidence and practical expertise in one of our region's most beautiful natural settings.

Bridging the Gap: Students Visit Hutchinson's To help students prepare for life after school, we've teamed up with Hutchinson's in Widnes. Our students enjoyed a behind-the-scenes look at engineering and manufacturing, gaining expert mentoring and career advice. It's all part of our commitment to helping local talent reach their full potential!

8CL have been busy baking! Since bread is the UK's favourite staple food, students rolled up their sleeves to learn the skill of making it from scratch. It was a great way to learn about the food we eat every day and the classroom smelled delicious!

Year 7 Bake Cake Pops! 7SA students turned into professional bakers this week in Food Technology. Students learned to crumble sponge cake, mix it with buttercream and roll it into perfect shapes. They practiced safe cooking techniques by melting chocolate and securing the lollipop sticks. Finally, everyone dipped their treats into colourful sprinkles. The final results looked fantastic and tasted even better!

Skills Builder Challenge – Creativity

Create a 'thank you' card for someone who has done something kind or helpful for you recently. This could be a friend, family member or even a teacher. Develop ideas about what this card could include by considering what you know about this person.
