Aim High Team Spirit

Ashley Action!

For their Independent Living course, 11GG students toured Clockwork Studios in Prescot. This innovative co-working space is designed for people to come together and work in a relaxed setting, providing essential amenities such as hot desks, meeting and podcast rooms and event spaces. It's a key community hub, facilitating connection and collaboration among locals and commuters alike.

Students in Year 10 recently learned crucial lessons on independent travel, focusing on packing essentials for convenience and safety. The workshop covered practical items like versatile clothing and comfortable shoes, as well as safety precautions such as carrying emergency contacts, a charged phone and important documents. The session highlighted the importance of planning, understanding risks and being prepared with first-aid supplies and funds for confident journeys.

<u>Chicken wraps</u> Year 7 students unleashed their inner chefs, crafting unique and delicious hot wraps! They got creative in the kitchen, experimenting with a variety of herbs and spices. Take a look at Jackson, proudly showcasing his culinary skills and his finished masterpiece!

<u>Delamere Forest</u> To delve into nature, Year 8 students visited Delamere Forest for a refreshing walk and an engaging tree identification activity.

Demonstrating strong safety awareness, 8LQ students successfully identified kitchen hazards and outlined methods for accident prevention.

Skills Builder Challenge – Problem Solving

Read a story or watch a film. Pause when a character experiences a problem. Ask yourself, is this problem... a simple problem? (it has one solution) a complicated problem? (there are a few different solutions) a complex problem? (there is no 'correct solution') Write and/or draw how you would solve this problem, if you were the character. Continuing reading or watching: how did the character solve the problem?
